

Incident Report (Notes)

ANALYST: Logan Nippert
DATE: August 9, 2025

Incident Overview

Fill in the missing information using the two PCAPs and the SIEM.

Category	Detail		Answer	Evidence	Screenshots	Key
SCOPE	Targeted Device's IP:		192.168.100.2	attack1.pcap		1a
	Malicious Device's IP:		192.168.100.20	attack1.pcap		1b
	Targeted Service:		WordPress/6.7.2	attack1.pcap		1c
	Targeted URI:		wp-login.php	attack1.pcap		1d
	User-agent string associated with malicious activity:		Mozilla/5.0 (Hydra)	attack1.pcap		1e
IMPACT	Credentials exposed (admin):	Username	admin	Packet 9809, TCP Stream, attack1.pcap		2a
		Password	Trip110.	^ ^ ^ ^ ^ ^ ^		2b
	Credentials exposed (regular):	Username				2c
		Password				2d
TIMESTAMPS (UTC)	Timerange of attack1.pcap	Begin	2025-04-10 15:45:55.987795000 UTC	,		3a
		End	2025-04-10 15:49:05.436084000 UTC			3b
	Timerange of attack2.pcap	Begin	2025-04-10 15:41:26.708942000 UTC			3c
		End	2025-04-10 15:44:11.735270000 UTC			3d
	Timerange of actual attack	Begin	2025-04-10 15:42:22 373377000 UTC	Packet 673 , TCP Stream Number 18		3e
		End	2025-04-10 15:48:41.992074000 UTC	Packet 10694 , TCP Stream Number 595		3f
	Total duration of attack		380 seconds	Take 3f and subtract it from 3e to determine the total duration of the attack.		3g
	Successful authentication events	1st (username)	admin	TCP stream number 539		4a
		2nd	elliott	TCP stream number 513		4b
	(delete any additional rows)

	<i>below this that you don't need for this incident)</i>	(username)			
		3rd (username)	elliott	TCP stream number 1082	4c
		4th (username)	elliott	TCP stream number 1646	4d
		5th (username)	elliott	TCP stream number 2239	4e
		6th (username)			4f
		7th (username)			4g
		8th (username)			4h

Timeline

Document the major events in the timeline.

Key	Timestamp (UTC)	Packet #	Event type	Event details	Evidence source	How to obtain
T6a	2025-04-10 15:48:41.435805000 UTC	9809	Authentication Event (Request)	Attacker submits auth form with the administrative credentials "admin" and "Triple10." on port 37348	attack1... ▾	Followed TCP stream. TCP stream number 539
T6b	2025-04-10 15:48:41.435805000 UTC	9809	Authentication Event (Response)	Attacker submits auth form with the administrative credentials "admin" and "Triple10." on port 37348	attack1... ▾	Followed TCP stream. TCP stream number 539
T2a	2025-04-10 15:42:28.553779000 UTC	8446	Authentication Event (Request)	Attacker submits auth form with the administrative credentials "elliott" and "c5G" on port 42564	attack2... ▾	Followed TCP stream. TCP stream number 513
T2b	2025-04-10 15:42:28.553779000 UTC	8446	Authentication Event (Response)	Attacker submits auth form with the administrative credentials "elliott" and "c5G" on port 42564	attack2... ▾	Followed TCP stream. TCP stream number 513

Key	Timestamp (UTC)	Packet #	Event type	Event details	Evidence source	How to obtain
T3a	2025-04-10 15:42:37.947001000 UTC	17040	Authentication Event (Request)	Attacker submits auth form with the administrative credentials "elliot" and "c5G" on port 57586	attack2... ▾	Followed TCP stream. TCP stream number 1082
T3b	2025-04-10 15:42:37.947001000 UTC	17040	Authentication Event (Response)	Attacker submits auth form with the administrative credentials "elliot" and "c5G" on port 57586	attack2... ▾	Followed TCP stream. TCP stream number 1082
T4a	2025-04-10 15:42:37.540769 UTC	25948	Authentication Event (Request)	Attacker submits auth form with the administrative credentials "elliot" and "c5G" on port 60194	attack2... ▾	Followed TCP stream. TCP stream number 1646
T4b	2025-04-10 15:42:37.540769 UTC	25948	Authentication Event (Response)	Attacker submits auth form with the administrative credentials "elliot" and "c5G" on port 60194	attack2... ▾	Followed TCP stream. TCP stream number 1646
T5a	2025-04-10 15:42:56.170667000 UTC	34575	Authentication Event (Request)	Attacker submits auth form with the administrative credentials "elliot" and "c5G" on port 37242	attack2... ▾	Followed TCP stream. TCP stream number 2239
T5b	2025-04-10 15:42:56.170667000 UTC	34575	Authentication Event (Response)	Attacker submits auth form with the administrative credentials "elliot" and "c5G" on port 37242	attack2... ▾	Followed TCP stream. TCP stream number 2239
T1	2025-04-10 15:42:22 373377000 UTC	673	Attack Start	GET /wp-login.php HTTP/1.0 Host: 192.168.100.2 User-Agent: Mozilla/5.0 (Hydra)	attack2... ▾	Followed TCP Stream. TCP stream number 18
T7	2025-04-10 15:48:41.992074000 UTC	10694	Attack End	Attacker submits auth form with the administrative credentials "admin" and "mrqwhyazrymy" on port 37900	attack1... ▾	Followed TCP Stream. TCP stream number 595

Investigation Artifacts

You may upload supporting artifacts associated with this incident in this section. (*Artifacts may include screenshots, Splunk query URLs, TCP stream text exports, etc...*)
